OBJECTIVE

I am an enthusiastic, highly-motivated 3rd year computer science student with proven leadership capabilities; who likes to take initiative and seek out new challenges. I am currently seeking a job opportunity as a co-op student.

EDUCATION

University of British Columbia Okanagan

B.S. in Computer Science, Minor in Data science
Expected graduation May 2022
GPA – 3.6

HONOURS

African Leadership Academy Global Scholar, 2016
Duke of Edinburgh International award, Gold, 2017
UBC Dep. V.C. Scholarship for International Students, 2018

RELEVANT COURSEWORK

JAVA programming fundamentals
Data structures and algorithms
Machine architecture
Introduction to Databases
Introduction to Web programming
Introduction to Networks
Introduction to Data Analytics

RELEVANT EXPERIENCE

Accenture Nigeria | Intern

Aug 2018 | Lagos, Nigeria

Introduced to web content management and content management systems like WordPress and Drupal. Re-introduced to HTML 5, CSS & JavaScript and had the opportunity to use this knowledge to create a sample landing page for a client.

Jobberman Nigeria | Intern

Jun 2018 – Jul 2018 | Lagos, Nigeria

Engaged in the process of requirement gathering and problem solving. Introduced to SQL and the roles of a business intelligence analyst. Used this knowledge to research numbers and analyze trends in the podcasting market to strengthen a pitch for a company podcast as a new source of revenue and a means to generate new leads.

TECHNICAL SKILLS

Java, HTML5, CSS, JavaScript, Python, SQL, R studio
Adobe Photoshop, Adobe Illustrator, Microsoft Excel.

PROJECTS

ReminderBot

July 2019 | Node.js, SQL, IBM Watson Assistant

A Facebook Messenger chat bot that sets, deletes and updates reminders. User sends a message containing reminder details (date, time, location etc.). Bot saves reminder in database and generates unique reminder ID.

WeatherApp

Nov 2019 | Node.js, EJS, Bootstrap

A weather application that returns the temperature at a given location using the DarkSky API. The location is inputted as longitude and latitude and the current temperature is returned in degree Celsius.

ADDITIONAL EXPERIENCE

University of British Columbia | Residence Advisor

Sep 2018 – Present | Kelowna, BC

Create a positive, safe, and fun environment for University students living in on-campus residence. Develop program initiatives and established traditions for the community and within residence area. Perform additional administrative tasks.

Paragon Testing Enterprises | CELPIP IT Technician

Dec 2018 – Present | Kelowna, BC

Report to the CELPIP Test Centre Supervisor and work in collaboration with the Director, Student Development and Advising, and CELPIP Test Invigilator(s). I conduct demo tests, prepare the CTC Host Server and Registration Client. Prepare the workstations and invigilate the CELPIP test.
